	Law & Disorder	National Security Director James Clapper was questioned by Congress. The media was there. He looked at the camera, right in our eyes. The question was: Does the NSA spy on Americans? He Answered “not wittingly”. This was a lie. The NSA was spying on every computer keystroke and telephone conversation made by every American. Edward Snowden blew the whistle on this totalitarian practice that turned democracy upside down. Instead of the government serving the people the government was spying on the people it should serve.	09/26/2016 9:00 am 1 hour
